

# Chart of Account Preferences

Last Modified on 02/16/2022 12:45 pm EST

This guide explains the purpose for various default accounts that system administrators can specify. It is intended for advanced users.

The Chart of Accounts preferences let you designate the default accounts for balance sheet setup, income statements, retained earnings, accrued liabilities, A/R & A/P, and line item code defaults. System administrators can access these preferences from Main Menu > Accounting > Preferences > Chart of Accounts:
